Letter:

Greetings,

Bring our Boards Back to our Pools

# Comments

Name	Location	Date	Comment
Tracey blouin	Beaconsfield, Canada	2017-08-02	These diving boards are an essential part of our community pools. There has never been an incident at any of these pools and any new regulations should not remove these boards to the detriment of our community. If the city is not willing to invest to bring these pools to standard then they should be a rule to grandfather them thus allowing the boards to stay given there have never been any issues.
ADRIANA PALOMO	Beaconsfield, Canada	2017-08-02	Our heavy taxed city needs to improve parks and pools. Our young children need the diving boards to keep up with the other competitors around the West Island and to keep them busy and healthy in our pools iand teams instead on being wondering with nothing to do. It's about time to invest in this old pools!
Bruce Rutenberg	Beaconsfield, Canada	2017-08-02	Closing the diving boards was an example of the government's over-reaching and resulted in the elimination of a physical activity that brings enjoyment and happiness and ZERO INJURIES to our community's citizens. It was a very poorly thought out decision made be an individuals with no personal investment nor consequence from their resulting decision. Common sense was once again ignored with regards to a decision made by a bureaucrats sitting at desks, who likely could use the exercise and community social interaction associated with the diving and swimming taking place at these pools. Shame on them for ignoring the 50 years of evidence proving diving at these pools is safe.
Mackenzie manitt	Beaconsfield, Canada	2017-08-02	I grew up in beaurepaire and my son will be attending beaurepaire pool starting next summer! I cannot imagine a pool without a diving board!
Donna Swarbrick	Beaconsfield, Canada	2017-08-02	I am a long time member of Heights pool. Former lifeguard and diving coach. I feel that this was a rushed decision.
Katrina Kavalersky	Beaconsfield, Canada	2017-08-02	My son was introduced to diving at Beaurepaire pool. He has started to dive competitively in the winter but may never have discovered this sport if not for our outdoor community pool.
Kirsten Diachidos	Châteauguay, Canada	2017-08-03	I grew up with outdoor pools! The best part was the diving boards! I competed in synchro at DDO Then became a lifeguard for many years! Summer is not the same without the boards at the pool!
Elizabeth Lefebvre	Kirkland, Canada	2017-08-03	Our kids would love to learn to dive.
Catherine Poison	Beaconsfield, Canada	2017-08-03	As a former lifeguard and "pool rat," being able to jump off the diving boards was one of my fondest childhood memories. I even had the privilege of being able to coach diving in my later years as a lifeguard at Beaurepaire. It would be a great shame to rob the children who have come after me of this unique experience.
Margaret Marak	Pointe-Claire, Canada	2017-08-03	I have been involved in A.L.P.S pool's my whole life. Diving has been a crucial part of the disciplines in aquatics. Taking boards away is

<b>Name</b>	<b>Location</b>	<b>Date</b>	<b>Comment</b>
			not okay. People have been diving on these boards for years and years with no injury. STOP taking our boards and fun away.
Bryan Smith	Mille Isles, Canada	2017-08-04	My daughter was introduced to diving by the amazing coaches who are at Beaurepaire pool. We are forever grateful of the coaches who have forged her into this amazing sport.
Andrea Rusch	San Mateo, California, US	2017-08-04	I grew up as a "pool rat" at Elm Park. I believe diving boards are super important as it allows young children to try a new sport and may find that this is their sport! I hope our swimming community comes together to allow the renovations to happen for the sake of the children :)
Michael Zwonok	Pointe Claire, Canada	2017-08-04	The boards are safe especially if there is good supervision!
Alain Bourcier	Vaudreuil-Dorion, Canada	2017-08-05	I care about my community
Stephanie Fischer	Montreal, Canada	2017-08-05	I grew up with Briarwood pool, and one of my fondest memories was learning how to dive. I'd like my children to have the same fun and learning experiences as I did growing up.
Roya Farsinejad	Beaconsfield, Canada	2017-08-05	.
Brian Wells	London, Canada	2017-08-05	Canadian athletes need good equipment to become the best in the world
Judy Campardo	Beaconsfield, Canada	2017-08-05	My son learned how to dive at Windermere pool. He is quite a natural from what I've been told from the guards. He now dives at Pointe Claire and is doing amazing. Having summer diving would compliment his winter diving and is what he LOVES. He has autism and needs to experience that movement for his proprioceptive needs. Diving lets him accomplish this in a safe manner. Please bring back the boards. ☺#
Trina Wylie	Beaconsfield, Canada	2017-08-05	Please bring back our diving boards!
Jennifer Wood	Pinpoint, Canada	2017-08-05	I signed because diving boards were a part of my childhood at the pool. Where else will kids get to play jump, dive or twist!?
Brad Mallon	Beaconsfield, Canada	2017-08-05	I believe it is important to take advantage of the facility and reconfigure the setup to allow for diving. For decades the great lifeguards have allowed kids to discover new talents and interests. It is shameful to let the space be wasted given that a small investment can make it safe again for decades going forward.
Dominique Guoin	Vaudreuil-Dorion, Canada	2017-08-05	I grew up in the public pools in the west island and then worked at one. Diving meets and learning how to dive are important a day
Veronique Hebert	Dollard-Des Ormeaux, Canada	2017-08-05	A former national diver, my passion for the sport started at my community outdoor pool where I was a member for years and then had the opportunity to act as a lifeguard and diving coach. I believe

Name	Location	Date	Comment
			we need to show kids how to be safe on diving boards rather than taking away their opportunity to learn and explore a new sport.
Michael Lautman	Beaconsfield, Canada	2017-08-05	The community pool in the West Island are absolutely unique. Diving, both for fun, and as part of our competitive programs is an integral part of what makes Heights and the other pools the incredible community assets that they are.
Marie Noel Roussin	Kirkland, Canada	2017-08-05	We love diving. My kids had their intro to diving at a summer outdoor pool.
Kevin Trudeau	St-Lazare, Canada	2017-08-06	Keep our kids active! It's an Olympic sport... promote interest in it!
Georgina Okker	Québec, Canada	2017-08-07	We need our boards!
Jennifer Pryce	Beaconsfield, Canada	2017-08-07	I grew up in the summer Pool system in the West Island! Bring back our boards!
Kaitlyn To	Beaconsfield, Canada	2017-08-08	I'm signing because I have grown up at summer pool since the age of 5 and never got hurt in diving boards. I think we should bring the diving boards back!
Esther Savouré	Montreal, Canada	2017-08-09	These boards bring more joy to the pool and the kids...
Nicolas Morales	Montreal, Canada	2017-08-10	Je trouve que le plongeon fait partie des activités qui rend une piscine et un été agréable pour les jeunes
Hannah Di Francesco	Montreal, Canada	2017-08-10	I do diving myself and coach it, so it is very important that everyone gets the chance to do so.
Kirsten MacDougall	Joliet, Illinois, US	2017-08-13	I grew up going to Pointe Claire pools, and remember the diving boards being a huge motivator to stay active, to get into the water, and swim. It would be a shame for kids to have a decline in opportunities to stay active and learn how to use diving boards responsibly.
Deborah Cunningham	Pointe-Claire, Canada	2017-08-29	Grew up in the NAA. You need to keep our boards. Diving is a crucial part of the whole experience. My son never would have become the National tower diver he was if he never started at our NAA pool. Taking them away would be a travesty.

## Bring Our Boards to Our Pools

Please bring our **diving boards** back to our community pools; **Beaconsfield Heights Pool, Beaurepaire Pool and Windermere Pool**. Our aging pools have been around for over 55 years and no longer conform to the new safety rules for diving boards. It is time to renovate and update our facilities. In all these years, there have never been any major injuries in all the 1 meter diving boards in the NAA or ALPS outdoor pools.

There have been surveys done on sports injuries and those attributed to diving have been among the least reported injuries in hospitals. As for injuries in diving, most occur in residential pools. Most importantly, education and teaching our kids how to dive ensures safety on the boards.

My son has been diving with the Pointe-Claire diving club for many years and his love for diving started from our outdoor pools. It is a shame to take away a sport entirely from our programs. We have had great representation from our local divers at the international levels, and many have had their start from one of our pools. It is time to renovate our aging community pools. The city, being a great supporter on doing all that is best for our environment and water consumption is certainly one of their major concerns. So why not encourage our residents to be part of these pools (and not build one in their backyard) and help improve the services and needs in our community.

## Bring Our Boards to Our Pools

Please bring our **diving boards** back to our community pools; **Beaconsfield Heights Pool, Beaurepaire Pool and Windermere Pool**. Our aging pools have been around for over 55 years and no longer conform to the new safety rules for diving boards. It is time to renovate and update our facilities. In all these years, there have never been any major injuries in all the 1 meter diving boards in the NAA or ALPS outdoor pools.

There have been surveys done on sports injuries and those attributed to diving have been among the least reported injuries in hospitals. As for injuries in diving, most occur in residential pools. Most importantly, education and teaching our kids how to dive ensures safety on the boards.

My son has been diving with the Pointe-Claire diving club for many years and his love for diving started from our outdoor pools. It is a shame to take away a sport entirely from our programs. We have had great representation from our local divers at the international levels, and many have had their start from one of our pools. It is time to renovate our aging community pools. The city, being a great supporter on doing all that is best for our environment and water consumption is certainly one of their major concerns. So why not encourage our residents to be part of these pools (and not build one in their backyard) and help improve the services and needs in our community.
